Organization of competitions on the theme of Communal Harmony

Ever since India got freedom, it has been plagued with problems based on religion, caste, creed, region and language. These problems adversely affect socio-economic growth and weaken the country. Communal Harmony, therefore, is needed for maintaining internal peace which in turn brings prosperity and progress. Communal harmony helps in creating an attitude which enthruses every person to be a secular citizen of country and place its welfare above narrow sectarian interests.

The task of promoting communal harmony is the collective responsibility of all citizens including educators, teachers, parents and students. It has also been felt at various platforms that efforts should be made at school level to modify the attitude of the future generation for weaning them away from the narrow sectarian attitudes in this globalized world

All the schools affiliated to Board are, therefore, advised to organize regular activities/competitions on the theme of Communal Harmony under the co-scholastic areas. The schools may organize essay writing, painting and cultural events. Schools may also celebrate Communal Harmony Week from 19th to 25th November every year to effectively highlight and promote the values of communal harmony and national integration described under the values system in the Teachers Manual on CCE developed by the Board. Schools may also bring about public awakening against violence which impinges on social harmony by making appropriate projections in the activities organized in school.
